## NEW PRODUCTS FOR 2008

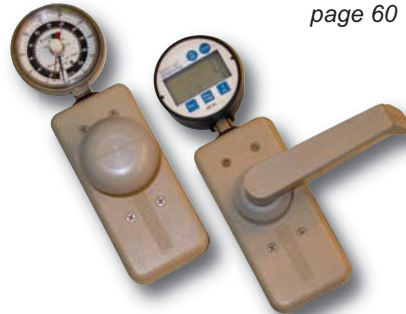

*"a small sampling of new FAB products"*

page 71

### Baseline® Absolute+Axis™ Goniometer

A new improvement in goniometry! Vertical and horizontal level attachments for 12" plastic goniometers for measurements that require a vertical or horizontal starting point.

page 60

### Baseline® wrist dynamometer

Measure real-life functional capacities including supination, pronation, abduction, adduction, flexion and extension. Uses common devices such as door knob, shovel handle, lever handle and pipe grip.

page 56

### Baseline® electronic hand grip

Measure grip strength with ease. This electronic smedley dynamometer stores measurements and has an adjustable handle.

page 81

### Baseline® bodyfat scales

Attractive, accurate and lightweight scales. Baseline scales measure weight, body fat% and body water%. Use in standard weight mode or body fat mode.

page 78

### Baseline® Brite™ monofilaments

Measure sensory levels with these unique lighted monofilaments.

page 45

### Cando® balance pad

Firm cushioned surface provides the base for a myriad of low impact exercise activities.

page 123

### Cando® aquatic products

Products for aquatic therapy and fun. Includes dumbbells, weight belts, pull buoys, noodles, kick-boards and more!

page 128

### Point-Relief™ heated massager

Comfortable vibrating massage can be applied to trigger points. Available with or without heat, and with 4 different size massage heads.

page 109

### WaxWel™ paraffin unit

WaxWel™ paraffin unit comes complete with 6 pounds of paraffin, hand and foot liners, and a mitt and a bootie. Also try WaxWel™ paraffin refills in pellet or block form.
